DETAILED ACTION

Allowable Subject Matter

1. Claims 4, 7, 8, 16, and 18 are allowed.
2. The following is an examiner's statement of reasons for allowance:

With respect to independent claim 4, the prior art fails to teach or fairly suggest a third frequency conversion section which reduces the frequency with respect to the image rejected signal that has an input from a second frequency conversion section which performs frequency conversion processing to remove an offset and an output to a rate conversion section to lower the sampling frequency all in connection with a broad band limiting section, first frequency conversion section, digital conversion section, image rejection section, and a narrow band limiting section.

Independent claims 7, 8, 16, and 18 all contain limitations from cancelled dependent claims, which were indicated as allowable subject matter in the previous Office Action mailed 2/24/06.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
